SOLDIERS TO STOP PRIZEFIGHT

TWO GRAND JURIES RAKING HONOLULU

TWO SUPERVISORS UNDER THE PROBE

Territory grand jury was in session this morning and will resume investigations this afternoon. The inquisitorial body is investigating the charge that Supervisor Aylett makes to the effect that somebody tried to bribe him with \$1600 to vote in favor of the bitulithic pavement ordinance for Fort street.

Supervisors Aylett and Ahia, and Willie Crawford, whose name Aylett unofficially mentioned in connection with the attempted bribery, were this forenoon before the grand jury.

J. A. Gilman, sole agent for the bitulithic patent, will be called as a witness, as will also some members of the Board of Supervisors, besides Aylett and Ahia, which two say they were approached.

Possibly the mayor and the mayor's secretary, B. G. Rivenburgh, will be asked what they have heard or what they know about the attempt to seduce Aylett and Ahia.

City and County Attorney Cathcart is presenting the matter before the grand jury.

It is understood that Aylett has divulged the name of the man who attempted to bribe him.

BELGIAN TRAINING SHIP ARRIVES IN PORT

Looking trim and clean in spite of her long trip without drydocking the Belgian ship, L'Avenir, Captain Zander, arrived alongside of the railroad wharf a little after noon today.

The L'Avenir is a four-masted steel ship built in Germany two years ago for the use of the Belgian merchant service.

This trip the L'Avenir has fifteen future captains on board who are given a thorough four years' course to fit them for their future career.

The L'Avenir left Antwerp on August 7, 1909, and since her departure has visited the ports of Montevideo, Adelaide and Newcastle.

Head winds and calms are given as the cause for the long trip from Newcastle. The ship will remain here for

nearly three weeks, going probably to San Francisco or Seattle.

The officers of the L'Avenir are:

Captain Zander, 1st Officer, Kranzlin; 2nd Officer, Lemaitre; 3rd Officer, Aspaslagh; 4th Officer, Meulmeester; Doctor Luyssen; Chaplain Walravens; Professor Dollo and Laureys.

Captain Zander was, until this trip of the L'Avenir, captain of the North German Lloyd training ship Sophie Charlotte. On his return to Antwerp he will probably be detached and given his former command.

The time from Antwerp to Montevideo was 42 days, Montevideo to Adelaide 36 days, Adelaide to Newcastle 10 days, and Newcastle to Honolulu 65 days.

Circuit Court Judge Cooper is ill today and Judge Robinson continued his cases for him, excusing the trial jury.

Richard H. Trent has been appointed U. S. jury commissioner to take the place of Judge Dayton, deceased. A. E. Murphy is senior commissioner. Trent will be sworn tomorrow morning.

U. S. Court adjourned until tomorrow morning when arraignments will be made on indictments returned by the Federal grand jury this morning.

Territorial Treasurer D. L. Conkling today appointed Thomas Treadway a deputy registrar. Tom is well qualified for the position, being a young man devoted to business and thoroughly trustworthy.

DUNN DENIES REPORT OF HIM

Thomas Dunn, paymaster's clerk at Honolulu naval station, states that the report that he would be ordered to sea duty must have originated in a misapprehension of naval rules. He has no expectation whatever of receiving a sea detail. His position does not come under the rules in that regard.

FEDERAL GRAND'S PARTIAL REPORT AND SENSATION DEFERRED

There was much excitement around town this morning when it was known that the Federal grand jury had handed in a report to United States Judge A. G. M. Robertson, for it was believed that a prominent financier had been indicted for a crime for which many less prominent people have of late been indicted.

However, the report of the Federal inquisition was only a partial report and there was nothing sensational produced, the sensational indictments being reserved, if they are to be returned.

The report of the grand jury was immediately ordered placed on the secret file until such time as the United States Marshal should declare it released. The eight indictments returned are to the following effect:

1. George Davis, alias "Phoney" Davis, fornication, he having, it is alleged, been intimate with a beautiful Russian matron whose husband is also one of the recently arrived immigrants.

2. A Chinese woman, fornication.

3. A Chinese man, fornication.

Numbers 2 and 3 being relative cases and each having before been convicted of similar crimes, the woman having had a child while in jail and both resuming illegitimate associations following terms of imprisonment, apparently believing that their service as prisoners exonerated them from blame and qualified them for new indiscretions.

4. H. Webb, A. P. A., identified with anti-Catholic and indecent mail communications, now out of the

country, where it is hoped he will stay; indictment being returned for the purpose of keeping him out of the country or nabbing him if he returns. He is the man supposed to be at the bottom of the recent outrageous attack on certain local religious institutions.

5. Young man, sending indecent matter through the mails.

6. 7 and 8. Russians who trespassed on the United States reservation, Quarantine Island.

When the grand jury returned their partial report this morning, Judge Robertson stated that it would be well for the grand jury to finish their work as soon as possible, declaring that U. S. District Attorney Breckons deserved a needed holiday. The jury explained that there were new matters coming up every day. Robertson intimated that it would be well for Breckons' health if he had a hurried holiday, incidentally suggesting that it would be a happy event for offenders should Breckons take a vacation.

There are between thirty and forty indictments yet to be returned, including some people who are prominent.

Two or three ladies were witnesses before the grand jury this morning. Mabel Wond was a witness yesterday afternoon and this morning a lady with whom Mabel Wond is chummy was a witness. A lady from Waialea was also a witness.

Among the witnesses this morning were Mrs. Savidge, Mrs. Jackson and Annie Cox.

MILITIA ORDERED OUT TO PREVENT SCRAP IN FRISCO

(Associated Press Cable to The Star.)

SAN FRANCISCO, June 17.—Governor Gillett has issued orders calling out the State militia to prevent the prize fight booked for tomorrow between Langford and Kaufman.

The Governor declares that this action, practically putting the city under martial law, comes as the result of the failure of Attorney General Fickerts to perform his duty in the premises, the Governor having instructed the Attorney-General to take necessary action to prevent the scrap set for tomorrow and also to prosecute any concerned with attempting to pull off the big Jeffries-Johnson fight in this city on July 4.
